DR. LIN'S TEMPERANCE LIFE-BITTERS

CHINESE BLOOD-PILLS.

The greatest Secret discovered ! The greatest Secret discovered?

Purge—purge—bas been the cry for the last few years. This has been effectually tried, and yet sufferers have multiplied—and died; and why? Not because purging was not necessary, but too much had been done—without the ionic to follow, and sustain the system. Purge, you must? The sickly humors of the blood must be carried off—or the accumulation of them prevented. Prevent then the growth of such humors.

Why do the Chinese live to such immense ages and still retain the nowers of youth or middle age—

Why do the Chinese live to such immense ages and still retain the powers of youth or middle age—Because they purify the blood. The CHINESE Blood Pills—so called because they work upon and cleanse the Blood—are the standard remedy. These pills will do it; and the Temperance Bitters, taken as directed, will strengthen the system and prevent the accumulation of base humors which infest the blood, and which only increases by purges, unless the bitters are taken after. Buy, then, these pills the bitters are taken after. Buy, then, these pills and bitters. Take weekly the pills, and faily the bitters, and if you are or have been invalids for days weeks, months, or years, you will find the sickly humor drawn off, and prevented from a return, and the sallow yellow hue of sickness change rapidly to the full blooming whose of health and wouthful buoys. the full blooming glow of health and youthful buoy-

It is now used by most of the medical faculty, and the whole people. Certificates of most extraordinary

Being predisposed to consumption, both from peculiar formation and hereditary transmission. I tried every means to check the disease, and strengthen a naturally weak constitution. I spent two years at Pisa, one at Rome, two in Florence, and another in the south of France, seeking, meantime, the advice of the best physicians. Two years since I returned to this country in about the situation as when I left it. I had seen in the reading rooms of Europs, much in favor of Dr. Taylor's Balsam of Liverwort, and as layor of Dr. Taylor's Baisain of Liverwort, and as seen as I arrived in this city I used it, and in 3 months I was so well as to safely venture to pass the winter here. I have used an occasional bottle during the time, and am now in as good health as possible. My cough has wholly ceased, and my lungs have every feeling of health. JAMES HILL.

Western Hotel, Courtland street, N. Y. REMARKABLE CURE OF CONSUMPTION .- I have been an invalid for three years, and have suffered every torture from confirmed consumption. But Dr. Taylor has wholly cured me. The large quantities of matter I used to raise has subsided, my cough has ceased, and I am fleshy again, my heal h being wholly restored by using three bottles of his celebrated M. E. Windley, No. 139 Maiden Lane, N.Y. Balsam

SHORTNESS OF BREATH .- For this disease Dr. Taylor's Balsam of Liverwort has no equal. Having the asthna, a severe pain in my left side, and some cough I was induced to try the above medicine, and great was my joy to find it cured me in about two weeks. It also cured my mother of a severe attack of the Liver complaint with which she had suffered 2 years.

Gladdin of Delhi New York, of a natural consumptu ous constitution, has been saved from an untimely end by the use of Dr. Taylor's Balsam of Liverwort A severe cold brought on an attack of Pleurisy and thus ended in general debility and consumption. A constant cough, hectic flush, restless nights, quick pulse and continued loss of flesh, augured a speedy death; but as soon as he commenced the use of this Balsain he grew oetter and is now fully restored to bester. health

Dect. Taylor's Balsam of Livercort.—The cures and benefits produced by the use of this medicine in all cases of diseases of the Lungs is almost incredible. It has been used by several persons in this neighbor-hood and there is scarcely an instance but its benefits hood and there is scarcely an instance but its benefits have been fully realized. Persons afflicted with coughs, colds, asthma, difficulty of breathing, pains in the side or breast, spitting blood, catarrhs, palpitation of the heart, oppression and screness of the chest, whooping cough, pleurisy, hectic fever, night sweats, difficulty or profuse expectoration and all other affections the chest, tungs and liver should not fail of procuring a bottle of this medicine.

Remember the top, the side, and the bottom At the present time, when the counterfeiters of these celebratid Pills are completely cornered, it is not surprising to find that they endeavor to get off their stock of spu-

rious Pills under any name. It is not the first time that the " Poor Indian" has had to father the abortions of cunning men.

Brendreth's Pills, have astonished the whole medical faculty, many of whom have considered that they are the greatest blessing ever given to the world.

The reason these celebrated Pills have such a universally good effect, is because their action harmonizes with the human body.

"Purge out the old leaven, that ye may become a new hump," is the language of Holy Writ, a figure applied spiritually, it is true, but how could it have any application unless CONFIRMED BY PRACTICAL EXPERIENCE, in the BODY of matter? The foundation upon which this figure of scripture rests is as immoveable as the laws which govern the tides, or immoveable as the laws which govern the tides, or occasions the thunders of Heaven

"THE CONDITION." The condition upon which God has given health to man is a constant care to keep his stomach and bow-els free from all merbid and unhealthy accumulations. The means to effect this must be those remedies which

cleanse the bowels and purify the blood.

Good healthful medicine is only a species of food; when the animals, whose habits we have the means of observing, are sick, they wander through the fields, and make selections of those herbs which open their bowels and purify their fluids, which immediately restore their health. When a dose of Brandreth's Pills are taken, they

are digested and pass to every part of the system; but they leave the body when they have effected the in-tended purpose, and health and vigor are by them insured. Mineral medicines may enter the system, but they are with difficulty got out again; and they always oc-casion pain and insery while they remain in the body. Whereas Brandreth's Pills are as inpocent as a piece

of bread, and are evacuated with the disease for which From the time we are born to the time we cease to From the time we are soin to the time we cease to breathe, our bodies are constantly wasting, and as constantly building up. The action of the atmosphero wears or wastes them. The food we eat, the digestive organs covert into blood, which renews or builds up by its circulating power. Thus the human body is healthy when the blood circulates freely, and when any thing prevents its free course through 'he veins, disease

commences.

Costiveness, Dispepsia, Fevers, Inflammations, are all owing to this, and all the troubles attending them could always be prevented by tim timely use of Brandreth's Pills, as their very action at once tends to clear the circulation of all impediment, and remove every cause or occasion of impurity from the blood. There are thousands—nay millions—at this moment, in this consider and all others, whom we may really consider. mmences. country, and all others, whom we may really consider as half dead. They may be said to carry their death in their bowels and circulation. This is no imaginary circumstance. I wish it were. Thousands whom we meet every where with cadiverous looks, yellow skins and green eyes, speak in a language not to be mistaken, of the state of their stomach and bowels, and the consequent condition of their blood. The body is thus, while in his, reduced to the consequent condition of a corpse; and the reason why some bodies are so soon in a putrid condition after death, is more from the was bleated, his skin was filled and his physician said there was no favorable symptom about him; that he had a confirmed consumption.
